

Dear Friends,

**Welcome to the Holistic Child Health Newsletter.**

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

***Lawrence B. Palevsky, MD***

# NY STATE RELIGIOUS EXEMPTION

**From Children's Health Defense:**

## **Update: Litigation in New York State**

### **CHD Sues NY State Demanding Vulnerable and Medically Fragile Children Their Rights to an Education Under IDEA Law**

On July 25th, Robert F. Kennedy, Jr., Chairman and Chief Legal Counsel of Children's Health Defense and Kim Mack Rosenberg of Bouer Law LLC joined forces and [filed a lawsuit](#) seeking an injunction to compel New York State to honor its federal obligation to admit students with disabilities to school this September, notwithstanding the State's repeal of the religious exemption to its vaccination mandate.

The lawsuit demands that recent amendments to the State's vaccination mandate be immediately overturned because they violate federal law under the Individuals with Disabilities Education Act (IDEA).

The Repeal violates the IDEA because it not only denies the State's most vulnerable children of their right to a free and appropriate public education, but also their right to notice and due process required under the law. The Repeal flies in the face of and simply ignores federal law, stripping New York's children with disabilities of their right to attend school in September.

The lawsuit demands that the State be compelled by the Court to open the schoolhouse doors in September to children with disabilities in New York, enjoin New York's heavy-handed repeal, and declare it in violation of federal law. [Read the complaint.](#)

This is the [second lawsuit](#) filed by CHD against New York State after the repeal of the religious exemption to vaccination, Public Health Law Section 2164(9).

### From Autism Action Network:

!!⚖️ **New York Legal Update & Request for Affidavits** ⚖️ !!

### **Lawyers in New York's Religious Exemption Suit Need Your Help!**

Your affidavits on 1) Harm to your family, 2) Experiences of religious hostility  
Michael Susman, the lead attorney in the lawsuit challenging the repeal of religious exemptions from vaccine mandates to attend school in New York, has requested that families affected by the new law prepare affidavits (sworn statements) to submit to the Court in request for a preliminary injunction.

These affidavits are crucial to making our case so please participate.

Sussman is collecting two types of affidavit to submit to the Court in our request for a preliminary injunction. One affidavit will be about the irreparable harm that will be done to your family by the repeal of the religious exemption. This is also exactly the type of document that Beth Berlin, New York Acting Commissioner of Education, requested at the Regents meeting on Monday to be sent to her to help her understand the impact on New York families.

The second affidavit will be about instances of Religious Hostility you witnessed from legislators or their staffs.

We are collecting affidavits from both plaintiffs/class representatives, and anyone impacted by the religious exemption repeal.

**IF YOU WOULD LIKE TO PARTICIPATE, PLEASE CAREFULLY READ THE INSTRUCTIONS BELOW:**

1- The first affidavit demonstrates the immediate, irreparable harm based on the passing of the religious exemption repeal bill. Please use the document at:

<http://bit.ly/2MrLuBc>

and fill in (in numbered paragraphs) the multiple ways you and your family have already been and will continue to be harmed, as a direct effect of the religious exemption repeal law. Be specific with children's ages, their schools, the "programs" or "services" or "activities" they had that are now revoked/discontinued or will be missing. Share specifics on how this will harm them in terms of negative impact of academic, social, emotional development etc. etc. In discussing any impact to your career to now be forced to homeschool, reduce work hours etc., be as specific as possible.

2- The second affidavit will be to share specific examples of hostility towards religion. If you witnessed any of the open hostility towards religion, in general, or to your religious beliefs during the passing of this legislation (in any form of communication with legislators, during lobbying efforts, on social media, in committee meetings, during floor debates, etc.) please create a separate affidavit using the attached document which lays out those facts (\*\*do not combine the harms and the hostility – these should be two separate documents\*\*). In discussing any incidents showing hostility toward religion / be as specific as possible - who/what/when/where and exact quotes are helpful.

For both, the more detail the better.

For now, please assume that your full name will be used and disclosed. You may use initials for your children. ("Jane Doe" for a parent, but for your child would be "J.D.").

Also, fill in your county on the top.

Note: we are NOT defending our religious beliefs or justifying them. We are NOT quoting scripture or discussing religious objections in detail (or concerns about safety or efficacy or ingredients etc.). We are simply laying out (1) how this law harms us and (2) examples of hostility that we saw/heard towards religion in general (saying the REs are “so-called” or that they are used as a “loophole” etc.).

Please send affidavit to be reviewed at [RERepeal@gmail.com](mailto:RERepeal@gmail.com) without signing or having notarized.

!!!! If you are one of the 55 class representatives/plaintiffs already named in the complaint (you would know if you are already), please write **\*\*Class Rep\*\*** in the subject line of your email. !!!!

The legal team will review them for formatting consistency and will then email back next steps. Please do not worry about using “perfect” or “legal” language – these should be in your own words. DO NOT sign or notarize them yet - please wait for an emailed response from the legal team after your initial submission for final direction.

Any questions can also be sent to: [RERepeal@gmail.com](mailto:RERepeal@gmail.com)

### **The Putative Role of Environmental Aluminium in the Development of Chronic Neuropathology in Adults and Children. How Strong is the Evidence and What Could be the Mechanisms Involved?**

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5596046/>

**Dr Palevsky's Comments:** All pediatric and adult vaccines reportedly contain the aluminum adjuvant except the single IPV polio vaccine, the MMR, and the Varicella vaccine.

That leaves, Hep B, Hep A, Influenzae, DTaP, TdaP, Rotavirus, HIB, Prevnar, Gardasil, and IPV polio when it's administered in the combination vaccines, all of which contain the aluminum adjuvant.

Infants and children receive 3 Hep B, 2 Hep A, Influenzae yearly, 6 DTap/TdaP, 4 IPV polio when in combination vaccines, 3 Rotavirus, 4 HIB, 4 Prevnar, and 3 Gardasil vaccines.

How much aluminum does that amount to? What happens to the aluminum once it's injected into the body? Does it remain in the cells, or in the tissues? Are there epigenetic factors along the life cycle of children and adults that adversely trigger the activity of aluminum adjuvant that has remained in the cells and tissues for months and years, leading to the horrible, debilitating and exponentially growing neurological and immunological conditions we are seeing in children and adults?

## DR LARRY IN THE MEDIA

Watch and listen here to the whole event ....

**Cornerstones of Freedom Censorship Conference**

On April 6th, an event interpreting the current climate on censorship, our rights, and how we must collectively defend our civil liberties took place in New Jersey. It featured speakers from across the country who inspired people to take action and combat the un-American forces of censorship threatening free speech.

Dr Palevsky was one of the Featured Expert Speakers at this event and his presentation can be seen at 1:22:30 in the recording.

## ABOUT DR PALEVSKY

Dr. Palevsky is a NYS licensed pediatrician, who utilizes a holistic approach to children's wellness and illness. Dr. Palevsky received his medical degree from the NYU School of Medicine in 1987, completed a three-year pediatric residency at The Mount Sinai Hospital in NYC in 1990, and served as a pediatric fellow in the ambulatory care out-patient department at Bellevue Hospital, NYC, from 1990-1991. Since 1991, his clinical experience includes working in pediatric emergency and intensive care medicine, in-patient and out-patient pediatric medicine, neonatal intensive care medicine, newborn and delivery room medicine, and conventional, holistic and integrative pediatric private practice.

Dr. Palevsky is a diplomate of the American Board of Integrative Holistic Medicine, and Past-President of the American Holistic Medical Association. He received his pediatric board certification in 1990, and passed his pediatric board recertification exams in 1997, 2004, and 2011.

In his current practice in Northport, Long Island and Manhattan, NYC, Dr. Palevsky offers well-child examinations, consultations and educational programs to families and practitioners in the areas of preventive and holistic health; childhood development; lifestyle changes; nutrition for adults, infants and children; safe, alternative treatments for common and difficult to treat acute and chronic pediatric and adult conditions; vaccination controversies; mindful parenting; and rethinking the medical paradigm. Additionally, he teaches holistic integrative pediatric & adolescent medicine to parents, and medical and allied health professionals, both nationally & internationally, and is available for speaking engagements worldwide.
