Dear Friends,

### **Welcome to the Holistic Child Health Newsletter.**

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

***Lawrence B. Palevsky, MD***

## We The People - Protecting Our Children

Educational Options with Homeschooling, Unschooling, Deschooling

Part 1, 2 and 3 of this talk series are all about Alternative Education Options, as the schools are falling hard for the vaccine industry standards which cause severe fear, biovocation and segregation in schools.

Some questions that are relevant:

- What is happening to our children as an effect of the global plandemic implications?
- It is important to comprehend the psychological impacts of the programming that inevitably occurs for the younger generations as we each navigate these uncertain times.
- Our younger generations will be our next succession and are we imparting them with the ability to think for themselves?
- Are we teaching them how important it is to be courageous? That it is ok and healthy to stand out and be unique?
- Are we teaching to learn about their sovereignty instead of group-think mentalities?

## Your Cycle Story is Data

We hear you.  
We are listening.  
We want answers too.

Clinical Trials Did not Study Covid-19 Vaccine Effects on Women's Reproductive Systems. There have also been reports of reactions from women who have NOT received the Covid-19 Vaccine. We are studying both.

We're an independent research group that is going to collect as much data as possible so that we can learn more about what's going on with Women's Cycles. With this information we will be able to share it with researchers, doctors, scientists and more to help discover possible causation and maybe even solutions.

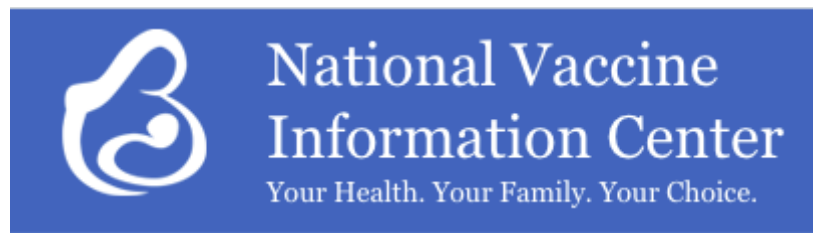

All we know right now is that we need more and better information. Whether or not you've been vaccinated for Covid-19, if you've had menstrual irregularities, please help us by participating in our research study and sharing your cycle story.

This survey will prompt you to create a login – this will ensure your data and health information will be encrypted and protected. The survey will take about 20 minutes, but your contribution will be invaluable.

On behalf of all of our daughters, mothers, sisters and friends,  
we thank you for participating.

Share Your Vaccination Experiences with Others Publicly sharing your experiences with vaccination or infectious diseases helps educate and empower others to share their experiences, too, which raises public awareness. NVIC's website offers visitors ways to access and privately report or publicly share information about their experiences.

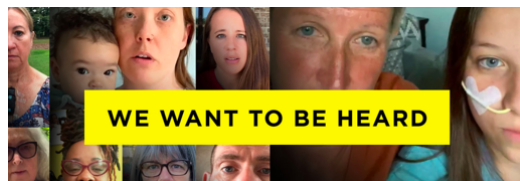

On NVIC.org, there is a link (<https://www.nvic.org/reportreaction.aspx>) to report a vaccine reaction, injury or death to the publicly accessible federal Vaccine Adverse Event Reporting System(VAERS). If the person who gave you or your child a shot refuses to make a report to VAERS, you can do it yourself.

You can also privately file a vaccine reaction report describing a vaccine reaction, injury or death with NVIC's 39-year old Vaccine Reaction Registry (<https://www.nvic.org/Forms/CivilianReactionPage.aspx>).

NVIC's Cry for Vaccine Freedom Wall provides a public forum for real life descriptions of harassment by doctors, nurses, school officials, employers and others who have threatened, coerced or punished people for trying to exercise voluntary, informed consent to vaccination (<https://www.nvic.org/Forms/Cry-For-Vaccine-Freedom-Wall.aspx>).

NVIC is opening up the Cry for Vaccine Freedom Wall to now include descriptive reports of COVID-19 vaccine reactions as well. You can publicly post a vaccine reaction report describing a vaccine reaction, injury or death and include a photo or video on NVIC's Memorial for Vaccine Victims (<https://www.nvic.org/Vaccine-Memorial.aspx>).

You can also post a vaccine failure report if a vaccine failed to protect you or your child from disease on the Vaccine Failure Wall (<https://www.nvic.org/forms/vaccine-failure-wall.aspx>).

We Want To Be Heard We are your moms, dads, brothers, and sisters, spouses and friends. We are suffering, often silently, with confusing, troubling symptoms that the current medical system hasn't addressed.

It might look like we're okay, but we are not.

A certain percentage of people – in the thousands – who had the covid vaccine are suffering with debilitating symptoms. Our lives, in many cases, have been ruined with terrifying symptoms, leaving many of us with the inability to work. The widespread general denial – even bullying – of those facing symptoms is making matters worse.....

## Graphene Nanoparticles in Covid Vaccines - a Report from Spain THE FIFTH COLUMN ([laquintacolumna.net](http://laquintacolumna.net))

1. All the vaccines are manufactured using the same nano-technology. In Spain it was even described as "secret nanoparticles." These nanoparticles become magnetic when they reach the same temperature as the human body. When they remain in an under zero degrees environment, they remain un-magnetic. [Why they freeze the vaccines?] <https://www.nature.com/articles/s41598-020-78262-w>
2. These particles must be a nano-tech material called GRAPHENE. which is a superconductive and highly integrative with neuron cells in the brain: <https://www.frontiersin.org/articles/10.3389/fnsys.2018.00012/full>
3. The European Union invested one billion euros in a project called The Graphene Flagship: <https://spectrum.ieee.org/nanoclast/semiconductors/nanotechnology/europe-has-invested-1-billion-into-graphenebut-for-what>
4. The molecules of GRAPHENE can interact with neurons in the brain in a remote mode using different radio-frequencies (5G could be one of these) , they can map the brain and transmit and receive INSTRUCTIONS remotely: <https://www.noldus.com/applications/magnetogenetics>
5. These were never "vaccines" against a virus, instead all the time it was a secret nanotech project developed to reach and control the brains of the human population (until now we don't know if they can modify DNA via 5G) In la Quinta Columna, they discovered that people have been already magnetized via graphene present in masks, PCR tests, chemtrails and influenza and covid vaccines 6. The icon of GRAPHENE is guess what: three hexagrams: <https://www.shutterstock.com/image-vector/graphene-structure-icon-vector-1030374052>
7. GRAPHENE could be flushed naturally out of the body, because there is an enzyme called myeloperoxidase that apparently disintegrates graphene molecules. Surprisingly alcohol consumption or even tobacco can help to increase this enzyme. That's why they want the population to be vaccinated each 6-12 months and sober.
8. The interaction between GRAPHENE in inoculated humans and 5G could result in a fatal event when 5G will be fully enabled in July 2021, so we would be in a short period of time to stop this madness and abort vaccination programs for once and all.
