Dear Friends,

Welcome to the Holistic Child Health Newsletter.

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

Dr Palevsky in Conversation with Dr Jessica Peatross

From the Office of Dr Jess Peatross: Dr. Jess is SO proud to announce this WellnessPlus talks with the genius pediatrician, Dr. Lawrence Palevsky, who runs a functional pediatric practice in New York. Dr. Palevsky believes in treating the whole patient at a root cause approach and does what is right when it comes to bio-individual medicine, especially in well-child visit checks. Dr. Palevsky is a star, so pay close attention to the advice he gives out freely.

In this conversation, Dr Palevsky and Dr Jess discuss an array of subjects including:

1. What the new paradigm of healthcare should look like in pediatrics
2. How Dr. Palevsky came to have his unique perspective in the field of pediatrics and how this influences how he practices
3. The truth about vaccines, microbes, and a child's body
4. Secrets to raising happy children and healthy adults

ACTION ALERTS

ACTION ALERT:
**CLICK TO TELL YOUR SENATOR TO VOTE NO ON
THE FEDERAL TRACKING SYSTEM**

Congressional bill H.R.550 (Immunization Infrastructure Modernization Act of 2021) paves the way for state and local health departments, as well as public and private health care providers, to share personal health data with the federal government. The bill has hundreds of millions of taxpayer dollars allocated to the tracking system's success.

The bill passed the U.S. House with a vote of 294-130. All House Democrats and 80 House Republicans voted yes for H.R. 550, including the 4 Republican co-sponsors.

This bill is meant to strengthen the enforceability of federal vaccine mandates and normalize vaccine-status discrimination. Let us be clear, this is the tracking system to which the government can tie a digital passport.

It's unethical to pass a bill that tracks vaccination status yet there is no transparency in the product itself and no liability for injury or death.

Americans still value privacy and once we give it away, we cannot get it back. We must tell our U.S. senators that we are not for sale. Americans know the importance of privacy and say no to taking and sharing our personal, private data.

New York TAKE ACTION:

Hochul Sneaking Through Covid Camps Regulation AND Mandatory Vax Database Bill

Unelected New York Governor Kathy Hochul is trying to bypass the legislature and give herself sweeping new powers with a recently proposed regulation that would allow her to arrest and imprison suspected public health threats and imprison them without trial in Covid camps and other settings.

The language defining who could be detained is so broad it could include anybody including those who have not received Covid injections.

We only have until February 14 to stop this proposed regulation. She is doing this at the same time that legislation (Senate Bill S75a/Assembly Bill A279a) is pending that would force all adult vaccination records into a state run database. The combination of the two would give the Governor the data she needs to identify unvaccinated adults and the dictatorial power to enforce whatever detainment policy she chooses.

Hochul's effort follows the withdrawal of a New York Assembly Bill A416 that would have allowed the arrest and imprisonment of suspected public health risks without trial. A416 got scathing worldwide media attention in December. The bill's sponsor, Assemblymember N. Nick Perry, withdrew the bill on December 22, 2021, seven days after Hochul submitted her proposed regulation. Much of the corporate media dismissed concerns about the bill because after six years in the Assembly it still did not have a required companion bill in the State Senate, and no other Assemblymembers signed on as co-sponsors. Clearly, the failure of the bill in the legislature prompted Hochul to try to give herself completely new powers via regulations.

Regulations are supposed to be minor rules devised by the bureaucracies to implement a law passed by the legislature and signed by Governor. But Hochul is attempting to give herself entirely new powers through the regulatory back door. Regulations only require a posting in the Register, a New York State publication, and waiting a specified period for public comment. Cuomo used to do this all the time. If he could not get a bill he wanted passed in the legislature he would simply write regulations that did the same thing, and our feckless legislature rarely did anything to stop him or to protect their responsibilities as lawmakers.

You can see the proposed rules here:

<https://regs.health.ny.gov/sites/default/files/proposed-regulations/Investigation%20of%20Communicable%20Disease;%20Isolation%20and%20Quarantine.pdf>

You need to take action now to stop this regulation:

Send messages: Please click this link to send messages to Governor Hochul and your own State Senator and Assemblymember. They need to do their jobs and tell Hochul to stop this usurpation of their responsibilities.

<https://www.votervoice.net/AUTISMACTION/Campaigns/91110/Respond?unregistered=kHf79TiImeydOVqombc4IA>

Send Comments: The regulation is now in a public comment period. Please send comments. They become part of the official record and the NYS Department of Health is required to respond to them. The contact information for official submitting a comment, which is open is: New York State Department of Health Bureau of Program Counsel, Regulatory Affairs Unit Re: Amendment of Part 2, Section 405.3 and Addition of Section 58-1.14 to Title 10 NYCRR (Investigation of Communicable Disease; Isolation and Quarantine) Corning Tower, Empire State Plaza, Rm. 2438 Albany, New York 12237-0031 Phone: (518) 473-7488 FAX: (518) 473-2019 regsna@health.ny.gov Attention: Katherine Ceroalo

Make phone calls and comment on social media: You also need to get on the phone and call the Governor's office and leave a message (real people don't answer the phone in her office anymore.) Call the leaders of the legislature and let them know that you do not want the regulation to move forward, and you want to see S75a/A279a stopped. Their contact information is below:

Governor Kathy Hochul (518) 474-8390, (212) 681-4580, Hochul only takes voice mail. Call anyway. Fax (518) 474-1513 <https://www.facebook.com/govkathyhochul> Twitter: [@GovKathyHochul](https://twitter.com/GovKathyHochul)

Senate Majority Leader Andrea Stewart-Cousins Albany: Telephone (518) 455-2585, (518) 455-2715 Albany: Fax (518) 426-6844, (518) 426-6811 District: Telephone (914) 423-4031, Fax (914) 423-0979, New York City: Telephone (212) 298-5585, Fax (212) 298-5623 scousins@nyenate.gov <https://www.facebook.com/andrea.stewartcousins> Twitter: [@AndreaSCousins](https://twitter.com/AndreaSCousins)

Speaker of the Assembly Carl Heastie Albany: (518) 455-3791, District: (718) 654-6539 speaker@nyassembly.gov <https://www.facebook.com/carl.heastie> Twitter: [@carlheastie](https://twitter.com/carlheastie)

While Hochul is sneaking this regulation through, a bill (Senate Bill S75a, Hoylman/Assembly Bill A279a, Gottfried) that creates a mandatory database for all vaccines given to adults was passed by the health committees in both houses last June, and could be sent to the floors of each house for a vote at any time. If passed,

adults in New York would lose the right to refuse to have our vaccine records recorded in an existing state database and physicians would be required to hand over all patient vaccination records to the database. This would give the State the power to track all adults according to their vaccination status, and identifying people for arrest or other enforcement Concerns that the database could be used by immigration enforcement agencies to identify and locate people for deportation, and that enforcement measures would fall disproportionately on people of color has held up a vote so far of S75a/A279a. But that could change very quickly and without notice.

ABOUT DR PALEVSKY

Dr. Palevsky is a NYS licensed pediatrician, who utilizes a holistic approach to children's wellness and illness. Dr. Palevsky received his medical degree from the NYU School of Medicine in 1987, completed a three-year pediatric residency at The Mount Sinai Hospital in NYC in 1990, and served as a pediatric fellow in the ambulatory care out-patient department at Bellevue Hospital, NYC, from 1990-1991. Since 1991, his clinical experience includes working in pediatric emergency and intensive care medicine, in-patient and out-patient pediatric medicine, neonatal intensive care medicine, newborn and delivery room medicine, and conventional, holistic and integrative pediatric private practice.

Dr. Palevsky is a diplomate of the American Board of Integrative Holistic Medicine, and Past-President of the American Holistic Medical Association. He received his pediatric board certification in 1990, and passed his pediatric board recertification exams in 1997, 2004, and 2011.

In his current practice in Northport, Long Island and Manhattan, NYC, Dr. Palevsky offers well-child examinations, consultations and educational programs to families and practitioners in the areas of preventive and holistic health; childhood development; lifestyle changes; nutrition for adults, infants and children; safe, alternative treatments for common and difficult to treat acute and chronic pediatric and adult conditions; vaccination controversies; mindful parenting; and rethinking the medical paradigm. Additionally, he teaches holistic integrative pediatric & adolescent medicine to parents, and medical and allied health professionals, both nationally & internationally, and is available for speaking engagements worldwide.
