## TAKE ACTION!

### **Tell the FCC to Comply With the Court Order and Justify Its Outdated Wireless Exposure Guidelines**

The Federal Communications Commission (FCC) must comply with the 2021 court order requiring the agency to consider thousands of scientific studies and justify its outdated wireless radiation exposure guidelines, which have not been updated in over 28 years!

### **Take Action Now!**

For nearly three years — since Children’s Health Defense (CHD) won its landmark case against the Federal Communications Commission (FCC) in 2021 — the FCC has refused to comply with a court order requiring the agency to explain why its 1996 wireless exposure guidelines adequately protect humans and the environment against the harmful effects of radiofrequency (RF) radiation exposure.

The FCC acts as a “revolving door” for industry lobbyists and prioritizes advancing telecom interests over public safety. Despite the court order, the FCC has further advanced the rapid and virtually unregulated rollout of wireless technologies and infrastructure, including Fifth Generation Wireless Networks (5G).

**Take action today and advocate for wireless safety and children’s health by urging the FCC to comply with the 2021 court order and update their outdated RF radiation exposure guidelines.**

## SPOTLIGHT ON OUR CHILDREN

The American College of Pediatricians just put out a 🔥🔥🔥 statement calling out all the major medical associations by name for pushing the gender transition craze on kids. They ask for these groups to "IMMEDIATELY stop the promotion of social affirmation, puberty blockers, cross-sex hormones and surgeries for children and adolescents who experience distress over their biological sex."
